# LAURASTAR, **you deserve the best**

The Swiss company LAURASTAR invented the system of professional ironing for private use in 1986. Since then, almost 2 million users in over 40 countries worldwide have enjoyed quality ironing on a daily basis.

30 years on, LAURASTAR has become the benchmark for innovative, high quality ironing solutions. LAURASTAR views this position of world leader as a responsibility which you, the consumer of our appliances, confer on us.

Every day, the LAURASTAR engineers, designers and employees work towards improving products and services so that we live up to our promise of making life easier for you in your everyday tasks, thus leaving you more time to spend with your family and friends or for your leisure pursuits.

This is achieved through our research laboratories specialising in ironing and our capable customer service experts who can offer extensive, personalised advice. Lastly, we develop products for the LAURASTAR label that meet your actual needs and come equipped with international technological innovations, backed by the Swiss-made quality guarantee.

The LAURASTAR professional ironing along with its unique and patented technical data will make you realise why LAURASTAR leads the world in the ironing systems sector. We invite you to browse through these pages and explore our full range of ironing systems, steam irons and accessories that are exclusive to LAURASTAR.

Sincerely,

Your LAURASTAR team

# LAURASTAR

## professional ironing

### PROFESSIONAL SOLEPLATE

The LAURASTAR professional soleplate is designed for cold ironing. It includes the following three steps in ironing: (a) heating, (b) smoothing and (c) cooling the fabric. The fibres are thus fixed in a single movement for a lasting result.

### EXTRA FINE STEAM

The steam is diffused at a constant pressure which produces 200 litres of steam per minute, as recommended by ironing professionals. Heated once in the boiler, the steam is cooled and then reheated inside the iron: this is the unique LAURASTAR double volume steam.

### ACTIVE COLD TABLE

The LAURASTAR active board incorporates a 2-speed, silent blower/vacuum system to prevent creases and seam marking more effectively. Only LAURASTAR offers cold ironing for domestic use, which sets ironed fabrics for a lasting result.

# LAURASTAR ii™ – INTELLIGENT INNOVATIONS

## **3Dii™ – ACTIVE SOLEPLATE**

**NEW** – Three-dimensional active soleplate, for un-paralleled ironing quality in a single movement.

## **LiIGHT™ – LIGHTWEIGHT PROFESSIONAL IRON**

The first lightweight professional iron that is more comfortable and less tiring to use.

## **CLiICK™ – INTUITIVE AUTOMATIC STEAM**

Intelligent, intuitive function of the automatic steam for fast and effortless ironing twice as fast.

## **MAGiiC™ – ACTIVE TABLE**

Automatic, silent blower and vacuum from the 2-speed board for cold, crease-free ironing.

# LAURASTAR technical advantages

## **AUTOMATIC REWIND**

The 2.5 m cable rewinds automatically, making it easy to move the system in total safety.

## **REVERSE BUTTON**

Button that allows you to change the direction of the fan by simply pressing it, to gain in efficiency.

## **WATER DETECTION**

Automatic water level detection system, to fill the reservoir continuously without switching off the iron.

## **SAFETY BOX**

Iron safety storage box, to keep the still warm iron well protected.

## **EASY FOLDING – PATENTED**

Foldable board with six height-adjustment settings for all ironing requirements.

### **COMPACT STORAGE**

Easy-to-move system thanks to its two pairs of integrated wheels and its reduced size of 20 cm when stored.

### **ERGONOMIC BOARD**

Ironing board suitable for all fabrics items thanks to its large ironing surface and narrow pointed end.

### **AQUA FILTER**

Scale filter – ordinary water can be used and the iron's service life is extended.

### **PERMANENT IRONING**

Removable reservoir – permanent ironing without waiting.

### **FAST HEATING TIME**

Super fast heating time in three minutes for immediate use.

### **DOUBLE VOLUME**

Double volume of extra fine steam, for a lasting result leaving no damp traces.

### **CONSTANT PRESSURE**

A constant pressure of 3.5 bars produces 200 l of steam volume per minute – the result is professional ironing quality.

### **PROFESSIONAL SOLEPLATE**

Professional iron with a rounded sole, slides perfectly for crease-free ironing.

### **DELICATE FABRICS**

Anti-slip protective sole for ironing dark or delicate fabrics that are never shiny without worrying about temperature settings.

### **VERTICAL FRESHENING UP**

Instant steaming out of wrinkles without ironing, giving garments an impeccable appearance and eliminating odours.

### **SECURE IRON HOLDER**

Iron storage made easy by the iron holder; the iron can be moved in total safety.
