

the fast-heating system,  
for **wait-free ironing**

**EVOLUTION G4**

**LAURASTAR**<sup>®</sup>  
You deserve the best.

# EVOLUTION G4

the fast-heating system,  
for wait-free ironing

#### **WATER DETECTION**

**NEW** – Automatic water level detection system, to fill the reservoir continuously without switching off the iron.

#### **PERMANENT IRONING**

Removable 1-litre reservoir – uninterrupted ironing without waiting.

#### **FAST HEATING TIME**

Super fast heating time in three minutes for immediate use.

#### **DELICATE FABRICS**

Anti-slip protective sole for ironing delicate fabrics that are never shiny without worrying about temperature settings.

#### **CONSTANT PRESSURE**

A constant pressure of 3.5 bars produces 200 litres of steam volume per minute – the result is professional ironing quality.

#### **DOUBLE VOLUME**

Double volume of extra fine steam, for a lasting result leaving no damp traces.

# life is more beautiful with the EVOLUTION G4

The SOFTPRESSING soleplate means being able to iron even your most delicate fabrics.

Freshen up your clothes in seconds.

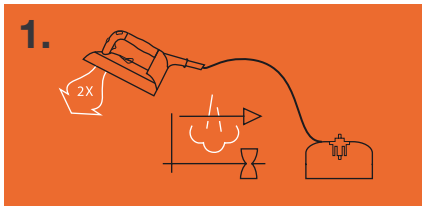

No more waiting to fill up thanks to its removable water tank and fast-heating system.

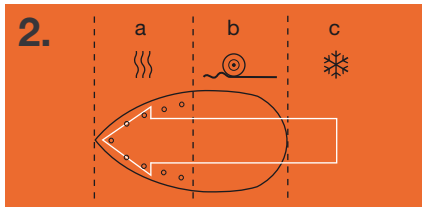

It guarantees you a perfect look.

# the unrivaled **advantages** of LAURASTAR

## **LAURASTAR professional steam – patented**

The steam is diffused at a constant pressure which produces 200 litres of steam per minute, as recommended by ironing professionals. Heated once in the boiler, the steam is cooled and then reheated inside the iron: this is the unique LAURASTAR double-volume steam.

## **LAURASTAR professional soleplate – patented**

The LAURASTAR professional soleplate is designed for the following three steps in ironing: (a) heating, (b) smoothing and (c) cooling the fabric. The fibres are thus fixed in a single movement for a lasting result.

# EVOLUTION G4

<b>Steam pressure</b>	3.5 bars (double volume)
<b>Steam droplets</b>	extra fine
<b>Ironing time</b>	unlimited
<b>Heating time</b>	approx. 3 minutes
<b>Water tank capacity</b>	removable, 1 litre
<b>Iron rest position</b>	tilted
